

DD9-9 600W Blower

Features

Our Direct Drive blowers suit many residential HVAC and commercial applications where high static pressure and medium air volumes are required.

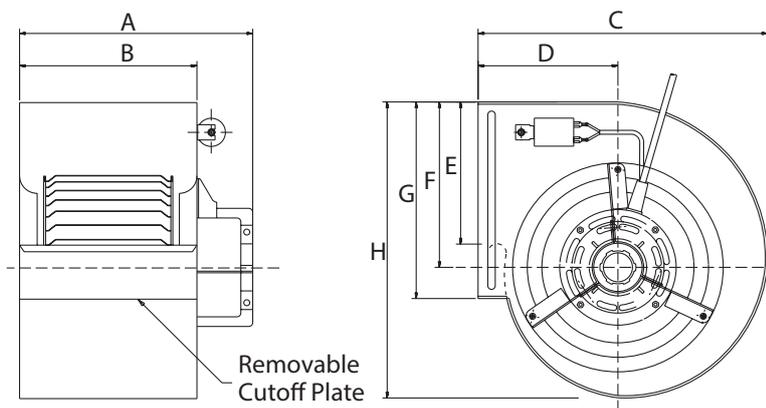

Markair Components can provide custom feet and discharge flanges, as well as outlet transitions where appropriate to ensure that our Direct Drive blowers will suit your application.

Markair Components also carries a large number of replacement parts for Direct Drive blowers, including fan wheels, motors, capacitors, mounting brackets and feet, providing cost effective replacement solutions for older installed blowers.

Options

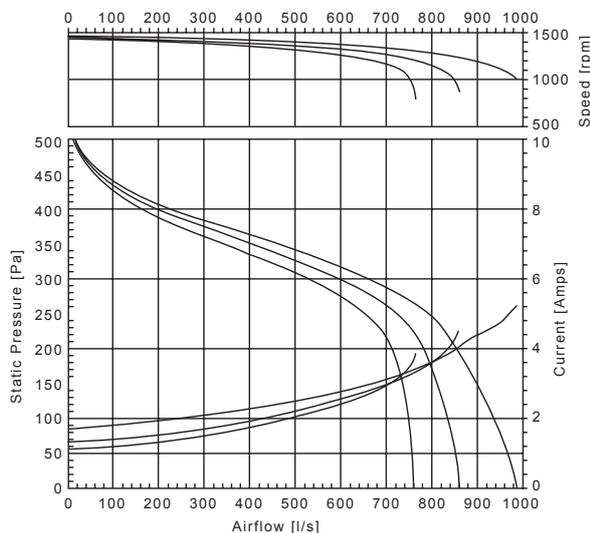

1. Discharge flanges
2. Mounting feet

Dimensions
