

## ISD350 Ex'd' Tube Axial Fan

### Features

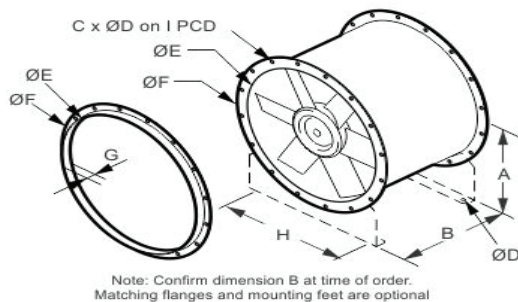

Our single phase Ex'd' intrinsically safe inline duct mounted axial fans feature a single phase flameproof motor and antistatic blades.

Typically these fans are located in battery rooms and spray booths to exhaust harmful gases, but are suitable for many more applications where explosive gases are present.

As standard, the ISD series of fans are rated to IP55, with optional upgrades to higher protection standards as required by your application.

Feet and matching flanges are available as optional inclusions.

### Dimensions

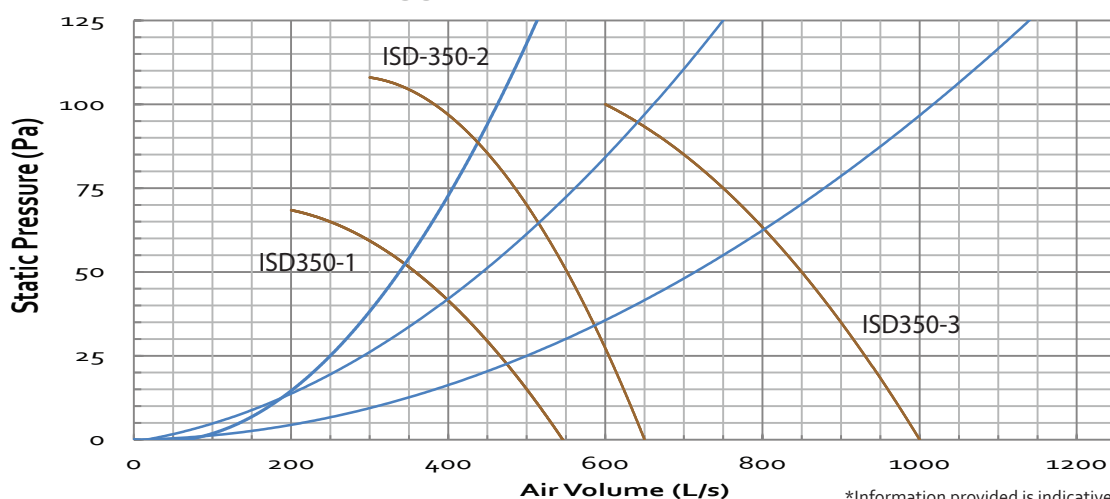

|        | A   | B   | C | D  | E   | F   | G  | H   | I   |
|--------|-----|-----|---|----|-----|-----|----|-----|-----|
| ISD350 | 230 | 400 | 8 | 10 | 355 | 431 | 38 | 305 | 395 |

### Specifications

|          | Power (KW) | Current (A) | Speed (RPM) | Power Supply      | dB(A) @ 3m | Mass (kg) |
|----------|------------|-------------|-------------|-------------------|------------|-----------|
| ISD350-1 | 0.75       | 5.0         | 1440        | 240V/Single Phase | 48         | 52        |
| ISD350-2 | 0.75       | 5.0         | 1440        | 240V/Single Phase | 48         | 52        |
| ISD350-3 | 0.75       | 5.0         | 1440        | 240V/Single Phase | 48         | 52        |
